METAL PLANT REORGANIZED;
INDUSTRIAL LEADERS NAMED

NAVAG METALLURGICAL PLANT REORGANIZED -- Kis Ujsag, No 32, 8 Feb 49

The Mavag Metallurgical Plant has been divided into three independent state enterprises. In its original form it employed over 10,000 men and was one of Hungary's largest enterprises. The division was made on the basis of products which the three units were best equipped to produce. The new system will make it easier to supervise production and will gradually lead to individual responsibility in state enterprises. State enterprises engaged in metallurgical work will come under the direction of the Metallurgical Industry Center.

In the future the Budapest Mavag will manufacture only five or six important items including steam locomotives, bridges, motor vehicles, pumps, and compressors. Mavag will begin the manufacture of electric Diesel locomotives in the near future.

NEW GENERAL MANAGERS FOR STATE ENTERPRISES -- Nepszava, No 33, 9 Feb 49

The Minister of Industry appointed the following as general managers of important state enterprises: Gyula Florek, pipefitter, as head of the Mavag Locomotive and Machine-Building Plant; Ferenc Herceg, former junior clerk, as head of the Mavag Metallurgical Plant; Laszlo Pataki, toolmaker, as head of the Dimavag Diosgyor Machine-Building Plant; Jozsef Grinnyik, steelworker, as head of Rok Istvan Machine-Building Plant; Simon Bosnyak, locksmith, as head of the "Ervil" Kreatvitali es Vilagitaszi Nemzeti Vallalat (State Power and Lighting Enterprise).
